Introduction

We thank you for your past patronage, and are sending you with pleasure our new catalog, and ask you to check its pages carefully.

QUALITY

The plants offered are all strong, transplanted, one year old, field grown, and are in many instances clumps.

VALUE

We only grow the choicer varieties of Perennials and Rock plants, eliminating the varieties which are in poor demand, and are actually a liability; therefore we can give you greater values. Our prices may not be the lowest, but are the lowest for the quality plants we ship.

GUARANTEE

We grow very few varieties from seed, only those that cannot be grown any other way, and by growing plants from divisions or cuttings, they are uniform and true to name and color. In case of error in filling your order, we will replace goods in question at our expense, but we will in no way be responsible for an amount greater than original price of goods.

SATISFACTION

If for any reason upon arrival of goods you are not satisfied with the plants we shipped you, notify us at once and we will adjust with you to your entire satisfaction. Our motto is: We do not ship any plants we would not like to receive ourselves.

TERMS

Accounts on approved credit are due in 30 days net, less 2% if paid in 10 days. Unknown correspondents must send cash with order or send two satisfactory references in the trade.

C. O. D.

Plants being perishable, we refuse to send goods C. O. D. unless 50 per cent of amount is sent with order to assure acceptance.

RATE

No less than 6 plants of one variety sell at dozen rate, 25 at 100 rate, 250 at 1,000 rate. The 1,000 rate is 9 times the 100 rate.

PACKING

We do not charge for packing.

Visit our Nurseries and compare quality.
